I understand that my role as a coach is vital to the safety, growth, and success of my athlete and to Palmetto Elite Shooting. I acknowledge and understand that I'm expected to attend as many team practices, tournaments, and events as possible for the safety and betterment of our shooters and the team.

I acknowledge that although Palmetto Elite Shooting strives to place all coaches with their own shooter, it is sometimes not possible due to squad layout and availability of coaches for the day of the event.
